

Dalia Gadelhak

FRONTEND DEVELOPER

Profile

I am a self-learner Front-end Developer who is always exposed to new technologies, eager to learn and develop my skills. I have 5+ years of experience varied between working as a part of a team on a School Website and as a Freelancer who is responsible to manage the whole process of development . I started my career as an English Teacher and decided to make a career shift and this is because of my passion for Technology.

Key Accomplished

- Created a full UI school website
- Defined an automated process to facilitate School/Parents communications
- Successfully made good relationship with customers of different cultures
- Scheduled a learning path for myself till I became a confident frontend developer
- Published a series of English learning books as a foreign language
- Organized a large event for 50+ School members' to present my books
